Subject: SEPA review for 6726 Greenwood Ave N.

This is to support a full SEPA review of the project at 6726 Greenwood Ave N. I believe that the environmental impacts of not providing parking will result in unsustainable growth for the neighborhood. In addition, the bus frequency, while on the schedule meets the standard for a transit corridor just barely, it does not meet that standard in any way shape or form in real life. The impacts of this project as currently designed will be long lasting and unacceptable to the neighborhood. Please require a full review.
