Project # 3020114

6726 Greenwood Ave. N.

I am concerned about the lack of parking in the proposed 55 unit apartment building. The streets in our neighborhood are already impacted by the current number of residents, the bars, and businesses in the area as well as the Zoo patrons not wanting to pay for parking. I hope you will reconsider going ahead with this project and not let it go through without adequate off street parking for the new residents.

Sincerely,

Karen Grant and Brett Bennett
