I am writing to show my support for the concerns expressed by Save Madison Valley and hope that you do not approve a permit for this development. This building is completely out of scale for the neighborhood and was designed with no consideration for its surrounding neighbors. Please require that the architects revise their design so that it is of similar scale to surrounding buildings and has a greater consideration for the green space and the effect on its neighbors.

If you have not visited the Save Madison Valley website, please take a moment to do so: <http://www.savemadisonvalley.org/>

Sincerely,  
Susanna Lin
