Subject: Feedback on Project 3020338

Dear Magda Hogness

,

It's great that the community has had the opportunity to respond to the design of the proposed PCC/apt. site.

I'm told the new plan is still much too massive for the space, and that too many trees are still going to be removed.

Also that the Dewey residents still may be subjected to the disruption of a garage entrance and that a community gathering space is not being considered.

Hoping the architect and developers will continue to work with the community on preserving the cozy charm of Madison Valley and preserving the peace of the Madison Valley neighborhood homes.

Thanks for your consideration. Karin
