Dear Magda Hogness,

I am writing in response to the EDG Proposal #2 posted on DCI's website 10/17/2016. Unlike many in the community I APPROVE of the plan.

- . Having PCC in the Madison Valley area will be a wonderful addition, available to all
- . Having off street parking for residents and customers is a necessity

Please continue with the plan - Seattle seems to have nay sayers regardless of the change. And just for the record, City People is going out of business becuase of poor management practices. Any business owner dependent on location has a responsibility to secure a permanent facility -- and City People did not.

Tell the team they've done a good job considering the difficult terrain, major arterial traffic, and need for more housing.
