I would like to express my support for the PCC development in Madison Valley. I feel the developer has done a great deal to meet the community's hopes and expectations for this project. I especially appreciate the additional landscaping and attention to the pedestrian experience that's been included. While I have concerns about creating additional traffic on Madison St., I look forward to the addition of a quality grocery store to our community and I do believe the PCC and apartments will be a benefit to the area.

Sincerely,
