I am writing to request a public meeting with the City for project 3020338 pdf SMC 23.76.015

My property at 2926 E. Republican St. (the corner of Dewey & Republican) is adjacent to where this PCC is projected to be built - the side of my property on Dewey is on large retaining Blocks - My concern is two fold - 1. the construction would undoubtedly cause substantial damage to my property since it adjoins it - and 2. The potential garage entrance would exacerbate the overwhelming traffic issue we have without any store - with just our neighborhood - Those are my concerns which are huge! thank you, Tarsi Pantages

Dear City of Seattle/Public Review Committee,
I am writing to request a public meeting with the City for project #3020338, per SMC 23.76.015.
I have lived in this neighborhood long enough to know that just because a plan is approved by SDCI doesn't mean it won't have negative consequences to the people living nearby, nor will it even necessarily conform to the required building, safety and environmental codes. We suffer terrible consequences from many residential builds that escape proper review, for a commercial project of this scale let us be more careful with what is approved.

Sincerely,
J. Chesko
