Hi Magda,

Okay.

Thanks again.

Andrew

Hi Andrew,

It's different in that video/audio files are not written comment. Comments must be submitted in *writing* to the Public Resource Center either by email to prc@seattle.gov (preferred method), by fax or by mail.

This link has more information:

<http://www.seattle.gov/DPD/permits/commentonaproject/default.htm>

But again, it would be possible to upload your video and include the full link as part of your written email comment.

Hope that helps,
Magda

Hi Magda,

Thanks for getting back to me.

The department is accepting applications electronically. How is storage of video any different than storage of any other digital record?

Andrew

Hi Andrew,

At this time our system does not have the capability to store video or audio files. We accept letter/email and photo comments.

It would be possible to upload the video on YouTube and include the full link as part of your written email comment.

Thanks for checking,
Magda

Dear Ms. Hogness,

If I submit a video as part of a comment on a MUP application, is a thumb drive acceptable for conveying it to the PRC?

Thanks,

Andrew
