**Subject:** City People's project 3020338

I am writing in regard to the MUP application for City Peoples project 3020338.

I have written previously expressing my grave concerns with this project.

I have reviewed the current proposal which does not allay my concerns at all.

The project remains too big, generates way to much traffic, takes away too many trees and, as currently proposed, will detract significantly from the unique neighborhood and environment of Madison Valley.

Moving ahead with this current proposal would be an irrevocable loss for the community as well as the city at large.

I hope you will decline the MUP permit for this project as it currently stands.

Thank you.

Barnett Kaplan
