What is with E-File?

As I noted earlier - how do you access e-file? I've tried following the instructions and as I mentioned I could only access the one case file through the portal - but I don't see how you upload and send a document. I saw the links for filing appeals etc., but nothing for adding case documents.

Well I sent the documents for both the WA [18-002/003](#) and MUP 18-019 cases to you, hopefully Monday it can all be sorted out. I did email everything to the other parties, for both cases, and their hard copy is going out tonight also.
