appeal.¹ Likewise, subpoenas allowed with HER 3.12² will result in witnesses and exhibits of evidence to be included within the appellant list. The duration considers that the appellants have not been served the Department's Core Exhibits with a list, and is now past due; and the duration includes the holiday of January 17, 2022; and it an appropriate duration for the Department to adequately respond to the interrogatories and subpoenas directed toward the relative City staff.

The summary of timeline recommended for the Examiner's consideration include:

- 1) TEIR to receive served Department Core Exhibits from OPCD with list by January 10th;
- 2) TEIR serves the City 15 to 20 interrogatories by January 11th;
- 3) TEIR motions for subpoenas prior to the January 14th deadline by January 12th;
- 4) Martin Luther King. Jr. holiday on January 17th;
- 5) City's optional response to the TEIR motions by January 18th;
- 6) Examiner's orders on the motions by January 25th;
- 7) TEIR's service of the Examiner's-prepared subpoenas including document requests by January 27th;

¹ "Appropriate prehearing discovery, including written interrogatories, and deposition upon oral and written examination, is permitted. In response to a motion, or on the Hearing Examiner's own initiative, the Examiner may compel discovery, or may prohibit or limit discovery where the Examiner determines it to be unduly burdensome, harassing, or unnecessary under the circumstances of the appeal."

² "(a) A motion may be made in writing for a subpoena to require a person to appear and testify at a deposition or hearing, or for a person to produce specified documents or other physical exhibits at a prehearing conference, deposition, or at hearing. (b) A motion for a subpoena for a person shall include the person's name and address, show the relevance of that person's testimony, and demonstrate the reasonableness of the scope of the subpoena sought. A request for a subpoena for documents or other physical exhibits shall include the name and address of the person who is to produce the documents or other physical exhibit, specify the materials to be produced, indicate the relevance of the materials subpoenaed to the issues on appeal, and demonstrate the reasonableness of the scope of the subpoena sought."

- 8) City's written responses to interrogatories and subpoenas by February 3rd, including the City's witness and exhibit lists;
- TEIR's list of exhibits and witnesses (with service to parties) by February 10th, including rebuttal witness and exhibit list; and
- 10) Per original order, all parties file with the Office of Hearing Examiner an electronic copy and a hard copy of the exhibits by February 17, 2022. If desired, the Ciy's rebuttal exhibits and witnesses may also be issued by that day.
- 11) No other extensions required to the hearing schedule based on the above.

II. Relevant Facts

Per the Examiner's order of December 21, 2021, the City was to file and serve the Department's Core Exhibits by identifying core documents by January 7, 2022. This list was not served via email or by mail. This is not the entire record relied on in reaching the decision. In addition, the listed exhibits shall be served on the parties by the January 7th deadline. The appellants have not been served the documents as of the day and time of this motion.

This motion does not change the filing with the Office of Hearing Examiner an electronic copy and a hard copy of the exhibits by February 17, 2022.

III. Argument

The City has failed to meet the deadline for response to core documents and they should have alerted the Hearing Examiner and Appellant immediately as to when the documents would be provided. The appellant offers herein an adequate timeline for the Department's Responses to the Interrogatories and Request for Production. Without the relevant

evidence being produced on relative to the Department's adequate assessment to the determination of no significance in increased density of low-rise multifamily zones, the Appellant will be denied a fair opportunity to reply to the Motion for Dismissal, especially if that motion is for Summary Judgement. Per HER 3.13, each party in an appeal proceeding has the right to presentation of evidence and other rights determined by the Hearing Examiner as necessary for the full disclosure of facts and a fair hearing. For the reasons given above, the Appellant requests that the deadline for filing a exhibits and witnesses the City to February 10, 2022. The Hearing Examiner may provide an order to the Department to produce all of the relevant discovery documents. Dated this 10th day of January, 2022.
