Re: *In the Matter of the Appeal of Washington Community Action Network from
Swedish Cherry Hill SEPA Determination, Project 3012953*

Dear Madam Examiner:

Pursuant to the April 27, 2015 Prehearing Order, I am submitting this letter to clarify Washington CAN's statement of issues on appeal in light of the content of the July 3, 2014 letter that was attached to the appeal.

I have reviewed my July 3, 2014 letter and have concluded that the portion of that letter that contains comments on the Draft EIS is simply elaborating on the SEPA issues that are stated in Washington CAN's Notice of Appeal in 4(a), 4(b), 4(c), and 4(d). I do not believe that the letter adds any new or additional SEPA issues beyond those that were stated in the Notice of Appeal.

With this clarification, I want to be clear that we do not intend to abandon any SEPA issues presented in the July 3, 2014 letter. Rather, I believe that all of the SEPA issues that were presented in that letter are covered by the specific issues stated in 4(a)-(d) in the Notice of Appeal. If Swedish Medical Center Cherry Hill or Sabey Corporation disagree and believe that there are legal issues presented in our July 3, 2014 letter regarding the SEPA review that are separate and distinct and/or cannot be characterized as sub-issues of the issues stated in the Notice of Appeal 4(a)-(d), then we request that Swedish and/or Sabey identify those issues.

Thank you for providing us with the opportunity to clarify our issues on appeal.

Very truly yours,
