**Appeal Details**

**Address:** Alaskan Way Viaduct

**Decision Elements:** Variance;

**Interest:** This decision will greatly impact the hotel guests sleeping in the 147 guest rooms, plus our 200 seat restaurant overlooking the current Alaskan Way Viaduct. Guest noise complaints will not only tarnish the Four Seasons brand, but guest compensation will be significant.

**Objections:** We feel LOUD construction to 10pm is unacceptable, and overnight construction noise is completely unacceptable.

**Desired Relief:** Please modify conditions: LOUD construction limited from 8am to 6pm. And no construction noise whatsoever overnight.
