Seattle Planning Commission committee	27-Oct-16	10									1	Citywide	
Roosevelt Council Workshop	29-Oct-16							1				4	
													Displacement was the most prominent topic; specifically people didn't think it made sense to have lower MHA requirements in Othello and RB,
On Board Othello at Homesight	1-Nov-16	12					1					2	where displacement risk is highest. They also worried that small projects in RSL/LR1 zones would all choose the payment option, meaning
													none of the new development would actually be affordable to low income people.

West Seattle small group walk	1-Nov-16	7		1							1	concerns about upzone, worry about their property values and interest in not having the boundary expanded to their community.
Westwood Village Council Workshop	9-Nov-16			1							1	
Crown Hill Council Workshop	15-Nov-16	75						1			6	
JuNO Conversation	15-Nov-16	60		1							1	Concern about change, some interest in seeing more density but closer to the Junction and not in their Single Family areas. Others in the Single Family areas were supporting. Parking, transit not good enough.
First Hill Improvement Association	15-Nov-16							1			6	supportive of the changes, wanted to see other neighborhoods participate in growth and affordability. Worry that a few folks would make it so the City would not do the hard work of making affordable housing.
Crown Hill Whittier Heights Find It Fix It	19-Nov-16	75						1			6	
HALA Community Focus Group - Expansion Areas	21-Nov-16	25								1	Citywide

Aurora-Licton Springs Council Workshop	29-Nov-16						1				5	
Morgan Community Association	29-Nov-16			1							1	 There was much confusion about how the MHA will affect people living immediately outside the Urban Village Boundaries. Concerns about the proposals leading to more gentification in some areas. Much skepticism that the city is not planning on listening to resident's concerns on December 7 and that all that is planned is a done deal.
