Subject: 6726 Greenwood Ave N

To whom it may concern,

I am writing in concern with the property that is being planned at 6726 Greenwood Ave N. While I am not opposed to the new building plans, as a whole, I am greatly bothered by the fact that no parking is being planned. This is unacceptable to me for a 56 residential unit building. If this is allowed (and other buildings follow), parking on my neighborhood streets will become unbearable. Please reconsider this plan. I love my neighborhood for its urban life, but with a suburban neighborhoody feel. Please don't take this away from my community and my family.

Best,
