**Subject:** #3020114 Phinney Flats Demolition

Mr Dorcy,

Phinney Ridge residents living near the site for the proposed Phinney Flats development( #3020114- 6726 Greenwood Ave N) have expressed concerns to us the building owners may be planning to start demolition of the building on that site soon. We have seen nothing new on the SDCI project website about the developers being approved to begin demolition soon. The neighborhood does not want an empty hole at the site for an indefinite period of time

Neighbors are requesting in the strongest terms that SDCI should not permit the developer to demolish the building before the Johnson & Carr Superior Court appeal is resolved.

Please notify Livable Phinney about the status of the permit for demolition.

Thank you  
Jan Weldin
