RE: Permit Correction Response #6 – 3020114
 6726 Greenwood Ave N | Seattle, WA

Please see the written response to your corrections below.
 Feel free to call with any questions.
 Thank you.

Zoning

Correction Notice #6
 Lori L Swallow
 December 29th, 2017

Corresponding Correction item #	Applicant Response
1) Hearing Examiner Decision	Revised plans that reflect changes made in response to the decision of the Deputy Hearing Examiner dated July 24, 2017 are provided.
2) Conclusion 3: Upper level setbacks	The required setback was dimensioned in plan on prior submittals. Additional dimensions, per your request, have been provided on the elevations and building sections. <i>See sheets A3.03, A3.04, A3.21, and A3.22.</i>
3) Conclusion 4: Clerestory windows	Windows are present in all four sides of the clerestory, including the East side, and the windows were shown on prior submittals on the roof plan. (A2.20) They have now been more clearly indicated and clouded on the building elevations. <i>See sheets A3.02 and A2.20. Note that the north windows of the clerestory cannot be seen by the elevation view but are represented in the roof plan.</i>
4) Conclusion 5: Clerestory shadows	The firewall parapet has been clearly labeled on both the floor plan & elevations, indicating it will comply with the building code requirements for a firewall parapet. <i>See sheets A2.20, A3.01, and A3.03. This has been approved by Ordinance.</i>
5) Conclusion 6: Frequent Transit	Noted. Thank you.
6) Rooftop features	The elevations of all rooftop features were dimensioned on the roof plan (A2.20) on prior submittals. Additional call-outs and labels for the heights of rooftop features have been added on the building sections, per your request. <i>See sheets A3.21 and A3.22.</i>

If there are any remaining issues that we need to resolve, please don't hesitate to contact me directly to resolve over the phone or email *in lieu of another review cycle*.

Respectfully,

Jay Janette
