We support people on their aging journey through community connections and accessible services

At Sound Generations we embrace the belief that racial and other social identities should be respected and affirmed. We are continuously building a team of staff, board members, and volunteers who are culturally responsive and committed to addressing institutionalized racism and other forms of oppression. When we take responsibility in supporting equitable and inclusive environment, our interactions are enriched and our clients and stakeholders are justly represented.

Comment: Have important concerns:

Need to know:

1) how any and all now-considered toxic materials

will be handled during demolition.

2) how any and all pest control will be handled

during demolition and construction.

3) will sidewalks be blocked in any way during

demolition and construction.
