Appeal Details

Address: 2222 2nd Ave seattle wa
Decision Elements: Demolition of building;

Interest: This is a historic building of exceptional rarity and I believe it would be a detriment to Seattle's vibrant historical appeal and legacy if it's demolished. The community deserves this landmark which was also designated a historical building.

Objections: I object to the loophole that allows our history to be demolished in the favor of profits while depriving the public of such a piece of history.

Desired Relief: I would like the building to remain (not be demolished) as the valuable asset it is as a reminder of Seattle's history and of its rare architecture.
