NOTICE OF LAND USE CODE AMENDMENTS AND ADDENDED DETERMINATION OF NON-SIGNIFICANCE

Pursuant to SMC 25.05.340 and WAC 197-11-340

Seattle Department of Construction and Inspections (SDCI) is proposing to amend the Land Use Code (Title 23) and related land use regulations in Chapters 22.900G, 25.05, 25.09, 25.12, 25.16, 25.24 and 25.30 to clarify and improve the function of various provisions. The proposed amendments generally include “clean-up” amendments that correct inadvertent clerical errors, incorrect cross-references and clarification of existing Code language. The need for these amendments has been identified by citizens, elected officials and City staff.

ENVIRONMENTAL DETERMINATION

After review of a completed environmental checklist and other information on file, the Seattle Department of Construction and Inspections (SDCI) has determined that the amendments described above will not have a probable significant adverse environmental impact, and has issued a Determination of Non-Significance (DNS) under the State Environmental Policy Act (no Environmental Impact Statement required).

HOW TO COMMENT
